Re: FCC ID: X65T25A

To Whom It May Concern:

The following application is submitted on behalf of our client, HDC, for evaluation of their model T-25 for certification under FCC Part 15.231.

The T-25 is a stand-alone key Fob transmitter operating at 315 MHz. The T-25 was tested in full to the requirements of the aforementioned rules and was found to be in compliance.

Sincerely,

A handwritten signature in black ink that reads 'R. Sam Wismer'. The signature is written in a cursive, flowing style.
